

CONFIRMATION

Notification: 2901676ts_00_01
on changes according to EN 15267 regarding certificate 2901676ts_00 dated 27 May 2020

AMS designation: McON Air Emission Serie DSP 208/00-EM for velocity

Manufacturer: PROMECON process measurement control GmbH
Steinfeldstraße 5
39179 Barleben
Deutschland

German Federal Environmental Agency (UBA)

**Announcement regarding the uniform practice in
monitoring emissions and ambient air
dated 31 March 2021
Publication: BAnz AT 03.05.2021 B9**

**III. Notifications as regards the uniform practice in monitoring
emissions and ambient air**

**46 Notification as regards Federal Environment Agency (UBA) notice
of 31 March 2020 (BAnz AT 07.05.2020 B8, chapter I number 2.2)**

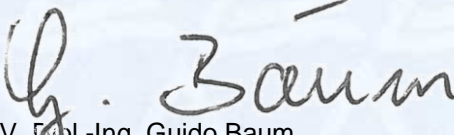

Hardware changes have been made to the McON Air Emission series DSP 208/00-EM measuring system for exhaust gas velocity manufactured by Promecon process measurement control GmbH:

The RE-Box can now be equipped with the TRACO POWER TSP 140-112 power supply unit. The sensor and the RE antenna of the measuring system can now be equipped with a ceramic made of SiNO₄ (black/grey) instead of the previously used ceramic made of ZrO₂ (ivory).

The measured values are now displayed on an ITP14-G display on the front of the measuring box instead of the previous display in the re-box.
